## FLAMES TAKE HEAVY TOLL IN PAROCHIAL SCHOOL FIRE

Score of Children Lose Lives in Disastrous Blaze  
at Peabody, Mass.—Sisters of Notre Dame,  
in Charge of Institution, Conduct Most of Six  
Hundred Pupils to Safety.

## OPENING AT FRONT VESTIBULE BLOCKED

Most Deaths Result from Frightened Children Falling  
Over One of Their Number in Door—Many Jump  
from Windows Into Coats of Firemen—Mother Su-  
perior Is Seriously Burned.

By The Associated Press.

Peabody, Mass., Oct. 28.—Twenty children, most of them girls ranking in age from 7 to 17 years, lost their lives today in a fire which destroyed St. John's Parochial school. Another girl perhaps was fatally injured, while others were less severely hurt.

The 600 children had entered their classrooms for the morning session when the fire was discovered and although a majority of them were guided to safety by sisters of the order of Notre Dame, who were their teachers, panic seized a large number as they neared the front door and in their rush to escape they lost their footing and their bodies blocked the exit. It was in the front vestibule that nearly all the bodies were found.

Of the nineteen bodies at the under-taking shop tonight, twelve had been identified, as follows:

Mabel Beachamp, age 11.

Nellie Burns, age 7.

Florence Bourke, age 12.

Elizabeth Comeau, age 10.

Annie Bolesky, age 14.

Ida Esiambra, age 6.

Mildred Fay, age 13.

Helen H. Keefe, age 11.

Florence Dozerty, age 11.

Annie M. O'Brien, age 11.

Patroni Chasten.

All of the children escaped but Mother Superior Marie Carmelina was seriously burned. At the convent house tonight was said her injuries probably were not fatal, although she is prostrated by the disaster and the suffering of her charges.

How the fire started may never be known. An early theory that boiler explosion caused it having been dismissed, the state police officials tonight were of the opinion that a store room in the basement where a gas meter was located was its source, but investigation of the theory was difficult, as the place where the store room had been was entirely burned.

Tardy Pupil Smells Smoke.

A tardy pupil, who smelled smoke, reported it to the Mother Superior and the fire drill was quickly started. A few days ago in a practice drill the building was emptied within two minutes. It would have been cleared in almost the same time today, in the opinion of the Rev. Nicholas J. Murphy, pastor of St. John's Catholic church, but for the falling of a child believed to be a cripple in the front vestibule. Over her body child after child stumbled and fell. The opening was choked and further escape was in this way stopped.

Trouble at the rear door which became jammed for a time also impeded the movement of the children through the vestibule. This exit was reopened, however, and many children escaped through it.

The classes of pupils, marshalled by the sisters in the rooms and halls, had filed through the corridors and started down the stairs in orderly procession, notwithstanding curling plumes of smoke, until the blockades occurred at the doors. Then with cries from those below in their ears the children in the rear of the lines scattered to the rooms on all three floors of the building.

Jumped to Safety.

Those on the lower floor dropped safely to the ground. From the second floor most of the children jumped into the coats of firemen and bystanders which were held out to catch them. Many of those who went to the windows of the upper story also leaped against risking the long jump, and escaped from windows below. Some of the braver and more resourceful slid down water spouts, among them Morris Harris, a boy of 14, who assisted his friend Tom Shea, with only one leg, over a shaking spout. Two girls who were dropped to the ground sustained serious injuries, one, Marion Hayes, dying at a hospital tonight. The sister teachers controlled the

## SUMMARY OF WAR

The forces of all the countries allied with the central powers are now operating against the Serbians and the British and French in the southeastern theater of the war. The British and French artillery has entered the fray in southeastern Serbia in the neighborhood of Belgrade, and according to Berlin, in co-operation with the Bulgarian mountain artillery, has made their first execution of the Anglo-French troops. The capture of Zajecar and Knjajevats, in the Bulgarian frontier northeast of Nish, gives the Bulgarians control not alone of the Danube region but the northern reaches of the Balkan river but of the railway running south to Nish. Mines and other obstructions in the Danube are being rapidly removed and traffic on the river, it is expected will soon be restored.

On the Bulgarian Black sea coast Russian warships have been bombarding Bulgarian positions. Varna, the chief port of the Russians, according to the report reaching Rome from Bucharest,

The Greek minister at Paris has in-

Along Russian Line.

By The Associated Press.

London, Oct. 28.—Outside of the German official statement which records the advance of the Austro-German forces and the capture by the Bulgarians of citizens of the lack of fire escapes on the school building were met by statements from state and town officials that every requirement of law had been met. Deputy Chief George C. Neal of the state police said the loss of life apparently was not due to any lack of fire precautions but simply to the unfortunate place in which the fire started, almost under the front steps, and the accident which blocked the front door.

Only Outer Walls Standing.

The building was a three story brick structure of eleven rooms, nine of which were used as class rooms.

Within it was finished in wood and the flames ran entirely through it so that tonight only the outer walls were standing.

It was thought tonight that the names of Elizabeth Nolan, 16, and Mary McCarthy, 8, might be added to the identified dead, but the identification was not positive.

Examination of the remnants of the front doors of the school today showed the doors swung outward. There had been a report that the doors swung into the hallway and that the crush against them when they were partly opened, made it impossible for the children to get out quickly.

## Receiver Appointed for H. & B. V. Railroad

By The Associated Press.

Houston, Tex., Oct. 28.—Upon the application of the Freeport, Texas, company filed in the United States district court the Houston and Brazos Valley railroad company, a line running 123 miles through Brazoria county, was placed in the hands of a receiver. George C. Morris of Freeport was named as receiver by Judge Walter T. Burns, sitting in the Galveston division of the federal court.

The receivership followed the filing of a general creditors' bill by the firm of Andrews, Streetman, Burns & Lough, in which the amount alleged to be due is \$150,000. The petition alleges that the defendant has a floating indebtedness of \$300,000 and is bonded to \$420,000.

Simultaneously with the filing of this application, suit was also filed in the district court of Brazoria county and a separate receivership instituted. It is understood that W. O. Wooten of Abilene was appointed receiver by Judge Styles. The application was filed in the payment of first mortgage bonds amounting to \$420,000.

## Central Railroad Must Dispose of L. & W. Coal Co.

By The Associated Press.

Philadelphia, Oct. 28.—The United States district court today decreed that the ownership of the Lehigh and the Wilkesbarre Coal company by the Central Railroad company of New Jersey is a combination in restraint of trade and that the Central company must dispose of its interest in that concern.

After Further Separation.

Washington, Oct. 28.—Although officials of the department of justice were pleased generally with today's decree of the federal court in Philadelphia, it was said tonight that the supreme court by the government in an effort to compel separation of the Philadelphia and Reading and the Central railroad of New Jersey.

Seattle, Oct. 28.—Fire supposedly of

accident destroyed Pier 14, at the foot of Broad street, occupied by the British line of British steamers with much valuable merchandise, causing a loss that probably will exceed \$500,000.

The Blue Funnel's steamers have been taking much barbed wire, machinery and implements of war for the Russian army. The Ixion is booked to stop at Vladivostok with similar supplies for Russia.

Two deliberate attempts to destroy Pier 14, by fire, were made early last Tuesday. Fire department officials said they believed both fires originated from a time fuse attached to a bomb.

## American Killed by Villa Officer

By The Associated Press.

El Paso, Texas, Oct. 28.—Charles Boone of Rodney, N. M., was killed yesterday by a Villa officer at Guzman, 75 miles from Juarez, according to a report reaching Juarez, today, brought by Boone's partner, Patrick Walsh. Walsh had escaped from Guzman and a locomotive.

Boone and Boone were rounding up cattle in the Guzman district when Boone became involved in a dispute with a Villa colonel.

Boone, the second American cattleman to be killed in western Chihuahua by Villa soldiers, James Parker, a cattleman well known here, was executed near Guzman a week ago, according to reports since confirmed. The soldiers accused him of stealing cattle. He was endeavoring to round up a herd and bring it to the border for American owners.

Big Order for Steel Rails.

By The Associated Press.

Philadelphia, Oct. 28.—Orders for

175,000 tons of steel rails were placed

by the Pennsylvania Railroad company

today. In addition an order was

placed with the Baldwin Locomotive

works for the construction of seventy-

five heavy freight locomotives for im-

mediate delivery.

The fighting has diminished in force.

## No Real Prosperity in Last Ten Years, Declares McAdoo

By The Associated Press.

Helena, Mont., Oct. 28.—Efforts of the administration at Washington to prevent certain fundamental questions such as the tariff from being battlegrounds and shuttlecock of party politics, were discussed here today by Secretary of the Treasury William G. McAdoo at a breakfast tendered him by state officials and prominent citizens of Montana.

"We are trying," said Mr. McAdoo, "to take certain fundamental questions out of politics so that they may not be party questions in the future as they have been in the past. Among them is the tariff."

"Politicians have gone up and down the country," he continued, "telling us that their particular party could bring prosperity. First it was the Republicans, then the democrats. The politicians have been playing this game of see-saw to get offices, but their predictions and promises are all bunkum. We have not had any real prosperity in the United States for ten years because our business outrun the clumsy financial system which we have been talking about correcting for thirty years, but which we did not get to until President Wilson insisted on congress taking it up as soon as the tariff bill was out of the way."

The infallible test of the value of a measure to the general public, he said, was to have it called "socialistic" by some special interest.

## Shortage of Cars Causes Delay in Movement of Troops

By The Associated Press.

El Paso, Tex., Oct. 28.—Shortage of rolling stock is causing delay here in entraining the twentieth and seventh infantry regiments. It is the shortage of the Carranza troops for the same point from Eagle Pass, Texas.

Only one battalion at a time can be sent from Fort Bliss. Because of this only one battalion of each regiment with all the stock and wagons have left here. It is expected that one complete regiment will be on the way by tomorrow and that the other will follow Saturday.

Mr. Edmund M. Allen, wife of the warden of the Illinois state penitentiary at Joliet, was found murdered in her bed in the warden's suite of the prison between 5 and 6 o'clock in the morning of June 20, 1915. Her skull was crushed in and her body burned. Fire by which the slayer evidently sought to destroy evidence of the crime led to its discovery.

Joseph Campbell, better known as "Chicken Joe," a negro trusty, an "honor" man favored by the warden and his wife, was immediately arrested and his conflicting stories led the authorities to formally charge him with the crime.

Campbell, who was serving a term of one year to life for the killing of Henry Stephens, a negro janitor, in Chicago November 19, 1913, was said to be the last man to have seen the murdered woman alive. According to his own testimony at the inquest he brought Mrs. Allen the morning papers less than an hour before she was found slain and then took her pet dog for a walk as was his custom.

At 6:10 on the morning of the murder, nearly an hour before the usual rising time, the gong, rung by a push button at the bedside of Mrs. Allen, was answered by Campbell, who was in the room opening off the bedroom. The bell continued to ring steadily, as if an impatient finger were pressing against the bed-room button.

James Larkin, a keeper, was at breakfast in the butler's pantry around a bend in the corridor. He ran into the hall and met George Simpson, another negro house servant, who had been across the corridor in another call will be made.

About \$300,000,000 of the \$500,000,000 bond issue, it was authoritatively stat-

ed today, has been withdrawn from public subscription by the banks and financial houses who are members of the underwriting syndicate. These will be retained by the banks as in-

vestments, according to present plans leaving available for public purchase

about \$200,000,000 of the issue. It was

said today this was fast being taken.

Russians Seek Big Loan.

By The Associated Press.

New York, Oct. 28.—Agents of the Russian government, it was reliably reported here today, are seeking to establish a credit loan in this country somewhat similar to the recent \$50,000,000 Anglo-French credit loan, although no bond issue is contemplated. From \$50,000,000 to \$100,000,000 is wanted and more if it can be obtained.

It was reported that Russia was willing to pay as high as 9 per cent interest for a loan of this size.

## FAY'S CONFESSION ALL OF EVIDENCE

GOVERNMENT NOT CONVINCED  
THAT TRUE FACTS OF PLOT  
HAVE BEEN UNEARTHED.

Three Steel Shells Found Ready to Be  
Attached to the Allies' Vessels.

By The Associated Press.

New York, Oct. 28.—All the alleged evidence obtained by the government against the five men charged with conspiracy in plotting to disable steamships laden with war munitions for the allies by placing clock-work bombs on the rudders or propellers of the vessels, is contained in the confession of Robert Fay, who says he was a lieutenant in the German army, and in the explosive materials found in his possession.

This was announced today by William J. Flynn, chief of the secret service, and H. Snowden Marshall, United States district attorney. Both officials asserted that the bulk of the papers and letters taken from Fay's room in Weehawken, N. J., threw any light as to who were Fay's financial backers, if he had any, or tended to show any connection between Fay's acts in the United States and officials in Europe. Fay himself said in his confession that his plan to come to America and obstruct war munition ships was approved by German secret service officials, but according to Mr. Marshall, no evidence other than Fay's word has been obtained.

"The government is far from convinced that the real story of the plot has been unearthed," said Mr. Marshall. "We have not finished investigating. Yet we have no basis for any further arrests."

That Fay had completed three steel shells with springs and clock-work mechanism, ready for attachment to a vessel, and had the explosives prepared to place into the shells, was explained by police officials today in answer to questions whether the arrests of Fay and Walter L. Scholz, his brother-in-law, last Sunday, had not been made before sufficient evidence had been obtained against other persons. The police assert that had the arrests been delayed, it would have given Fay an opportunity to carry out his threat of placing a bomb on a ship.

John C. Knox, assistant U. S. district attorney, was sent to Weehawken to examine the scene where Fay carried on his experiments. He visited Fay's rooms and the boathouse on the Hudson river, where explosives were stored.

The cases of the five men are to be presented to the federal grand jury next week. Dr. Herbert Knezele, who is charged with complicity in the conspiracy, obtained his release on \$25,000 bond today.

### Deny Miassoyedoff Was German Spy

By The Associated Press.

Berlin, Oct. 28.—By wireless to Tuckerton, N. J.—Denial that Lieut.-Col. Miassoyedoff, an interpreter on the staff of the Russian Foreign Ministry, who some time ago was hanged as a German spy, was never in fact a spy for the Germans as charged, is made by the official Nord Deutsche Allgemeine Zeitung. The newspaper ascertained by the Overseas News Agency refers to a new discussion regarding the case recently opened in the English and French press and asserts that Lieut.-Col. Miassoyedoff "was innocent. He really was sentenced for spying in the German service, since neither he nor those associated with him ever gave information to Germany or Austria-Hungary."

Eno Leaves Large Estate.

By The Associated Press.

New York, Oct. 28.—The will of Amos Eno, much pioneer merchant and owner of a New York City real estate, who died Oct. 1, was filed today and showed he left an estate of an estimated value of more than \$5,000,000. Of this amount nearly \$3,000,000 was bequeathed to public institutions. The General Society of Mechanics and Tradesmen of New York is to receive \$1,800,000.

New World Trotting Record.

Springfield, Ohio, Oct. 28.—Nelly the Great, a 2-year-old trotting filly, made a new world's record for a half mile track race today, set at a speed surpassing she made earlier in 2:16. She is owned by Dr. W. A. Barber of this city. The former record was 2:16½, held by Nowaday Girl.

### SECOND VOLUME WHITE BOOK SHOWS DELICATE SITUATION

CONTINUED FROM PAGE ONE.

American coast saying "except on one occasion in September last" which favored that basis of the complaint referred to in your telegram, I am satisfied no attempt has been made to order anything from the United States territory.

#### Merchantmen's Armament.

A series of communications passed between the British embassy and the state department on defensive armament of merchantmen and the right of belligerent merchant ships to leave neutral ports prepared to arm at sea. The British embassy said with reference to the fitting out of belligerent ships in American territory that the British government would "hold the United States government responsible for any damages to British trade or shipping or injury to British interests generally which may be caused by such vessels having been equipped at, or departing from United States ports."

The general of the state department that it was possible for merchant vessels to arm for defensive purposes drew forth a note from the British embassy on instructions from the foreign office giving "the fullest assurances that British merchant vessels will be permitted to arm themselves against war vessels and armed men." The question "whether or not armed men" should be allowed to arm themselves against war vessels and armed men was a question whether or not armed men should be allowed to arm themselves against war vessels and armed men.

The general of the state department that they will never under any circumstances attack any vessel.

The German government in a memorandum transmitted by Ambassador Gerard took exception to the view that merchant vessels were permitted to defend themselves against war vessels and armed men. The general of the state department said "that ships armed for defensive purposes only will not be used for offensive purposes under certain circumstances." Mr. Lanning's answer was that the United States held that to permit vessels of small armament to enjoy the hospitality of American ports as merchant vessels was not a violation of neutrality.

"Nevertheless," the American reply adds, "the government of the United States is not unmindful of the fact that the circumstances of a particular case may be such as to cause embarrassment and possible inconvenience to the character of an armed private vessel visiting its ports. Recognizing therefore the desirability of avoiding a ground of complaint this government as soon as a case arises, while firmly admitting the right of a merchant vessel to defend itself when armed, expressed its disapprobation of a practice which compelled it to pass upon a vessel's intended use, which opinion if proved subsequently to be erroneous might constitute defense for a charge of unneutral conduct."

As a result of these representations no merchant vessels with armament have visited the ports of the United States since the month of September. In fact from the beginning of the month no vessel has entered or cleared from ports of this country and as to these vessels, their character as merchant vessels was conclusively established."

#### Censorship Discussed.

The efforts of the state department to obtain improvements in the censorship of commercial cables and telegrams constitutes a long and difficult task, a period of more than a year. The history of the formation of the Belgian relief commission and the part the United States government played in it is shown in a series of notes passing between Ambassador Jernigan, Ambassador Page and Minister Whitlock.

The correspondence relating to the attempt of the German ship Oswald to sail

### No Death Sentences for Espionage, Claim

By The Associated Press.

Berlin, Oct. 28.—Via Wireless to Tuckerton, N. J.—Denial that thirty or more death sentences against Belgians charged with espionage and treason had been pronounced by court martial at Liege, is made by the Overseas News Agency today.

As a matter of fact," it says, "there have been in Liege recently no death sentences imposed upon persons for assisting Belgians to escape and join enemy armies, nor are proceedings in cases of that nature now pending. The report is a pure invention."

Officials of Navy  
Studying Report  
on Loss of F-1

By The Associated Press.

Washington, Oct. 28.—Officials of the navy bureaus are studying the final report of the naval board of inquiry which investigated the loss of the submarine with a view to determining whether or not the commanding officer was responsible for the accident which cost twenty-one lives shall be started.

The board found that corroded lead lining and rivets in the submarine's battery tanks caused the accident and absolved the crew of the boat from all blame.

Death from Football Injuries.

By The Associated Press.

Oklahoma City, Okla., Oct. 28.—High school boy of Hobart, Okla., died in a local hospital today as the result of injuries received while playing football at Mangum, last Friday. Mansell was paralyzed from his waist down. He was brought to Oklahoma City for treatment.

Children Cry  
FOR FLETCHER'S  
CASTORIA

By The Associated Press.

London, Oct. 28.—(6:40 p. m.)—Abandonment of cables on street car lines so that the copper might be salvaged for war purposes has been ordered by the British government, it was announced today in a Berlin dispatch from Copenhagen, which declares that the work of tearing up three streets for this purpose has begun and that 3,000 metres of cable weighing approximately 6,000 kilos (nearly seven tons) will thus be available.

Baltimore Warehouse Burns.

By The Associated Press.

Baltimore, Oct. 28.—The United States bonded warehouse on piers 34 and 35 of the Baltimore and Ohio railroad at Locust Point was totally destroyed by fire tonight. Records were destroyed and estimates of the value of the contents of the warehouse were given between \$300,000 and \$400,000. The building and piers were valued at \$150,000. The fire is thought to have started from crossed wires in the warehouse.

Bride Who Killed Man Freed.

By The Associated Press.

San Francisco, Oct. 28.—Mrs. Mary Pamies, a young bride who confessed that she killed Michael Weinstein, a crippled peddler, with an axe and then chopped his body to pieces, was exonerated by a coroner's jury tonight. The jury held that the killing was justifiable on the ground that the woman was defending herself. She is held in the city prison, a charge of murder having been preferred against her by the police.

### COMPTROLLER WARNS NATIONAL BANKS NOT TO PRACTICE USURY

By The Associated Press.

Washington, Oct. 28.—Comptroller of the Currency Williams has sent a circular letter to all national banks calling attention to the oath which each director signs when he assumes office not to permit the bank to violate the national bank act and pointing out particularly that part of the act which provides that a national bank is liable to a fine allowed by the laws of the state, territory or district where the bank is located, and no more.

"This office," says the letter, "regrets to report that the sworn statement of conditions of a great many national banks show that Section 5197 United States revised statutes, against usury, has been greatly violated by these banks."

You are now in possession of the facts and are fully advised and admonished that this provision of the national act should be faithfully observed by all national banks, their officers and directors in accordance with the solemn oaths taken by them to the nation.

"You are requested to read this letter at the next meeting of your board of directors and to have it inscribed upon the minutes and to send a copy of this letter to every member of your board who may not be present at such meeting, with the request that he promptly acknowledge its receipt to you."

"Within thirty days after your next board meeting and not later than December 29, 1915, you are requested to send to this office letters from all members of your board who may have been present at the meeting at which this letter is read, acknowledging the receipt by each absent director of a copy thereof, together with a certified copy thereof, to the effect that he has read, understood and accepted the contents of this letter from your minutes, showing that this letter has been read to your board and giving the names of the directors present at the meeting at which it is read."

McCallin Death Believed Accident.

By The Associated Press.

Pittsburgh, Oct. 28.—The police after a complete investigation said tonight that Miss Sophia McCallin, daughter of the late William C. McCallin, former mayor of Pittsburgh, whose decomposed body was found on the Pennsylvania railroad tracks here, was not a victim of thugs. Her jewelry, valued at \$1,200, found late near the place where the body was found, caused this theory to be abandoned. Morgue attachés said Miss McCallin apparently had been run down by a train while crossing the tracks.

Arson Trust Plot  
Starts at Dinner

By The Associated Press.

Portland, Ore., Oct. 28.—How one of the fires charged to members of the Pacific coast "arson trust" was plotted at a quiet dinner party and later carried out as scheduled, was told today by Mrs. Grace L. Woolette, testifying at the trial of Mordie Keeney, alleged arsonist and former Lieutenant in the fire department.

Death from Football Injuries.

By The Associated Press.

Oklahoma City, Okla., Oct. 28.—Clark Mansell, 17, high school boy of Hobart, Okla., died in a local hospital today as the result of injuries received while playing football at Mangum, last Friday. Mansell was paralyzed from his waist down. He was brought to Oklahoma City for treatment.

Get Ready for  
the Dull Days

By The Associated Press.

London, Oct. 28.—The suggestion advanced in a question in the house of commons today that the government might take steps to trace and sequester private securities in England of the German emperor and rulers of German states and hold them as security for present and possible future damage caused by Zeppelin raids, does not meet the approval of Premier Asquith. The premier informed the house through David Lloyd George, minister of munitions, that he did not consider that the scheme offered a "practical method of deterring the enemy from further violations of international law."

Get ready for the dull days now.

Our St. Stephens Department has a lot of attractive new pictures to show you. For fountain pens, the Conklin and the Jaxon—both ruddy, glowing, vigorous health.

### ITALIAN OFFENSIVE NOW REAPING RESULTS

MORE THAN 3000 AUSTRIAN PRISONERS PASS THROUGH UDINE  
ON WAY TO REAR.

Wounded Gunner Declares Trenches  
an Inferno—Fire Set to Long  
Tract of Country.

By The Associated Press.

Udine, Italy, via Paris, Oct. 28.—News of the great Italian offensive all along the Isonzo front is being brought down by the wounded and the men of the convoys which are escorting Austrian prisoners to the rear. In three days over 3,000 prisoners have passed through Udine which gives some idea of the magnitude of the operations.

All the soldiers agree that the artillery preparation preceding the offensive lasting three days was appalling.

"It was an inferno," said a wounded gunner, "how much worse was it for those yonder where the shells fell?"

The Italian soldiers assert with pride that they are reaping the benefit of a systematic destruction of the Austrian observatory points on the mountain peaks, mastered after fierce struggles during the past months and the lack of which, they say, has greatly decreased the accuracy of the Austrians' aim.

When the Italian artillery prepared the way for an infantry attack on the entrenchments, the soldiers declare the Austrians would retire. When the artillery ceased firing the Austrians would reoccupy their entrenchments with double forces. When finally the Italians discovered these tactics they adopted a ruse to catch the Austrians.

After the artillery had ceased firing, the Italians, according to the soldiers, permitted an interval of time to elapse, sufficient for the Austrians to return to their trenches. Then they reopened fire with their artillery and later charged and when the infantry reached the trenches they were literally filled with the bodies of dead Austrians.

"We are now in possession of trenches and positions like Cima Freda, the hinge of the formidable triangular defense of Tolmino which the enemy seemed determined to hold at any cost," said an officer today. "The fierce struggle in the neighborhood of Giziola where the Austrians had centered large reinforcements, the Austrians were finally repulsed. As they retreated the Austrians set fire to a long tract of country, making a wall of fire to protect them from the pursuing Italians."

"They're fine! Don't remain bilious, sick, headache and constipated."

### Society Notes

Miss Nina Fay Waldrop arrives from Sherman on Saturday. She remains through Cotton Palace season, guest of the Misses Kleypas out at Vista.

Mrs. Bolivar Nettles of North Fif-

### A Simple Way to Remove Dandruff

There is one sure way that has never failed to remove dandruff at once and that is to dissolve it, then destroy it entirely. To do this, just get about four ounces of plain common liquid avaron from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and scrub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

### CURRENT EVENTS

IN WOMAN'S SPHERE  
BOTH PHONES 1958.  
KATE FRIEND, Editor

### WOMEN'S CALENDAR FOR THIS FRIDAY

Friday Bridge plays with Mrs. W. B. Brazzleton, 1505 Austin avenue, 3 o'clock.

Story hour for children, public library, 4 o'clock.

Weekly dinner and dance, Huaco club, 7 o'clock.

Palette and Brush club meets to arrange art exhibit, public library, 9 o'clock.

City Federation of Missionary societies holds all-day session, Austin Avenue Methodist church, 10 o'clock.

Executive board, City Federation of Missionary societies, meets, Austin Avenue Methodist church, 10:30 o'clock.

Woman's auxiliary, Provident Heights Baptist church, meets with Mrs. Edwards, Twenty-third and Parrott, 3:30 o'clock.

Mrs. Herman Hagedorn entertains for Miss Eunice Akin, 1726 North Fifth street, 3:30 o'clock.

Open account with us today for November, save money, get votes for your friend on the \$4,000.00 Contest and have the pleasure of trading with the only strictly sanitary food emporium in Waco. Mrs. Darwin, state food inspectress, will tell you about our sanitary store.

**MRS. E. L. DARWIN SPEAKS THIS AFTERNOON**

Women and men throughout the city who are alive to local food conditions are cordially invited to be at the Austin Avenue Methodist church this afternoon to hear Mrs. E. L. Darwin, the state sanitist who is doing such wonderful work in improving food conditions within Texas. Mrs. Darwin speaks at City Federation of Missionary societies at 2:30 o'clock.

### GIRLS' BRIDGE PLAYS WITH MISS LILIAN EFROM

In providing for absent members, Miss Lillian Efrom, hostess for the Girls' Bridge, extended invitation to Mrs. Sidney Goldman of St. Louis, Mrs. Isaac Strauss. In counting scores, Miss Efrom presented her favors to Miss Florence Hirschberg and Miss Ella Etelson. The next game will find Miss Etelson hostess.

### WOMEN'S DAY THURSDAY DISCONTINUED AT HUACO

Notices have been mailed from the Huaco club to announce that Woman's Day, so popular for the summer months, is discontinued; however, it is expected that, following the winter distraction, a second series of woman's days will be inaugurated.

It is further announced that the weekly Friday night dances at the Cotton Palace will not be given during Cotton Palace season.

### MRS. S. J. DAVIDSON ENTERTAINS BRIDGE CLUB

One more game comes for the Wednesday Matinee Bridge, and then it is play time for the Cotton Palace. This adjournment comes with Mrs. Sam Freud next Wednesday. Mrs. S. J. Davidson was last hostess, her vacant places being filled by the Mesdames Eli Marks, Al Marks and Iszie Friedlander. The prizes, first and second score, were won by Mrs. Davidson and Mrs. Herman Mayer.

### MISS PAULINE M'LENDON FOR DEBUTANTE BRIDGE

As hostess for the Debutante Bridge during Wednesday afternoon, Miss Pauline M'London invited to play hands of absent members the Misses Hattie Bain of Galveston, Ethel Foster and Anna Pry Jones. Two of these, the Misses Foster and Bain, won the same favors. Miss Katherine Reynolds will entertain on Wednesday, after which the club adjourns for Cotton Palace season.

### PLEASURE AND PROFIT MEETS WITH MRS. MISTROT

Quite a pleasant hour with quite a number of guests is the report from the Pleasure and Profit club, which found this week's hostess in Mrs. Edith Mistrort. The club will meet again until after the Cotton Palace, when Mrs. H. B. Mistrort will be hostess. To meet the girls were Miss Nina Glass with the Mesdames Bryan of Childress, Rufus Burleson, Richard Burleson, Bert Jones, W. B. Ragland, O. K. Stetter, M. T. Conrey, Alfred L. Herbelein, C. L. Kelly and Roy Loving.

### PALETTE AND BRUSH CLUB HAS A BUSY DAY

Today finds a very busy day for Palette and Brush club. This means receiving, hanging and inspecting originals from amateurs to be judged as preliminary to the amateur section for the Cotton Palace art department. All-day members will be at the library.

On Saturday between the hours of 10 and 6, the general public is invited to call and view the pictures. No admission fee of any kind is expected.

At 3 o'clock, members of the Art league will be hostesses for tea.

### WEDNESDAY EUCHE CLUB DISBANDS FOR THREE WEEKS

With Mrs. J. B. Cooper last hostess, the members of Wednesday Euche Club decided to adjourn for three weeks. This will reach Wednesday.

### Children Cry FOR FLETCHER'S CASTORIA

## When You Think of Fountain Pens

And you know you should have one—come to us for them. We are headquarters for this line of goods and are prepared to show you how to demonstrate your handwriting and give you a pen to fit it. If your pen is out of repair, we are also prepared to take care of that. We are agents for both the Conklin and Schaeffer pens. Either of these is guaranteed a good pen.

"WACO'S GREATEST DEPARTMENT STORE"

following the Cotton Palace, when the club reassembles with Mrs. A. B. Cowan. Mrs. Cooper presented her favors for high tea and consolation cut to Mrs. J. S. Hill and Mrs. Hugh McLenan. As guests within the game there were the Mesdames W. P. Killingsworth, Chester Story, W. B. Brazelton, Walter Macpherson of Denver, Lucile Stratton Kirksey and Eva Glover Prendergast.

### DOMESTIC SCIENCE WITH MRS. J. M. NASH

With Mrs. Hal Moody calling as the luncheon plate passed, members of the Domestic Science club had an interesting session with Mrs. J. M. Nash. The something out of the ordinary was in progress, that of members being milliners extraordinaire in the designing and making of art hats. These are to be worn in the woman's parade. The Domestic Science will enter several decorated cards in the woman's parade, decorated to convey all the members. White and green is the color, and this is all we will tell, for the surprise feature must carry. The Domestic Science has made its parade record, and this season will add luster to that record.

### BAYLOR ROUND TABLE WITH MRS. W. H. POOL

In session at regular time, the Baylor Round Table took incursion into the Texas school system. Under general topic, "School Legislation in Texas," Miss Nellie Buck read an excellent paper reviewing history of this system. Mrs. J. B. Johnson presented a paper and scope of recently enacted school laws for this state. Following this, Mrs. S. P. Brooks conducted an interesting round table upon more varied subjects. Among business items, Mrs. J. Armstrong was appointed chairman to arrange for the Round Table's supervising two of the receptions which attend the Thanksgiving homecoming for the university. Assisting Mrs. Armstrong will be Round Table members who are graduates from the University. Also, the Round Table arranged to present a model club meeting before the Calliopean society of the University.

### MARY WEST CHAPTER HOLDS ANNUAL SESSION

With Mrs. C. N. Smith, the Mary West chapter held quite a busy session on Wednesday. This was for the an-

ual election of officers, selection of delegates for the state convention and other business. Within the last, a check was ordered sent to the Confederate women at the Home, for the purchase of warm winter clothing.

As guests within the game there were the Mesdames W. P. Killingsworth, Chester Story, W. B. Brazelton, Walter Macpherson of Denver, Lucile Stratton Kirksey and Eva Glover Prendergast.

Following the Cotton Palace, when the club reassembles with Mrs. A. B. Cowan.

Notice to Subscribers.

Delivery routes in the City of Waco  
are in the hands of independent carriers,  
who by their papers at wholesale prices.  
Subscription accounts are due them, but  
the Waco Morning News papers are  
under every house, not only to give the  
best delivery service, but to pay for their  
papers each month. Their remuneration  
is the difference between the total price  
paid by the subscriber and their re-  
ceive from the subscriber. This margin of  
profit is such that they cannot afford to  
extend credit, except month by month.  
They are a reliable paper, and they are  
advised against delivering the paper to  
anyone who does not pay in accordance  
with the above subscription terms. These  
carriers are all earnest, hard working  
men, and we will appreciate any com-  
plaints shown them.The Morning News should be delivered  
throughout the city of Waco by 12:30 a.m.,  
and subscribers failing to receive the paper  
in time will confer a favor by  
phoning the Circulation Department, both  
phones 1132, and a copy will be sent by  
special messenger.Any erroneous reflection upon the char-  
acter, standing or reputation of any per-  
son, or any article which may appear  
in the columns of the Morning News  
will be gladly corrected upon its being  
brought to the attention of the man-  
agement.WHERE MCLENNAN COUNTY  
MADE GOOD.In a double-column box editorial on  
the front page yesterday the Fort  
Worth Record, in proposing the name  
of W. G. Turner for county commis-  
sioner of Tarrant county, recited Mr.Turner's long advocacy and work in  
behalf of good roads for that county,  
set forth how that work had produced  
results, and then announced that  
though the road system was one of the  
very best, some of the roads were  
being suffered to go to waste through  
lack of repairs at the proper time.We do not propose to enter into the  
merits of the Record's nomination of  
Mr. Turner as a commissioner, but we  
do know that millions of dollars have  
been wasted on good roads in Texas  
simply because the chief stress heretofore  
has been laid on building good  
roads and very little or nothing said  
about the maintenance of them after  
they were built. As a consequence, all  
the money voted in bond issues has  
been expended in the original con-  
struction of roads, nothing has been  
left for maintenance, the roads have  
worn considerably, the people have  
become convinced that they did not get  
their money's worth, and have permitted  
the wearing-out process of the  
roads to continue.McLennan county has a road system  
just as good as that of Tarrant county,  
if not better, one of the chief differ-  
ences being that the Tarrant system is  
a countywide one, while the district in  
which \$1,075,000 was voted for good  
roads in this county included only two  
precincts. McLennan county got 185  
miles of permanent roadway out of the  
proceeds of her bond issue, in addition  
to having set aside a portion of the  
proceeds sufficient to permanently  
maintain the roads after they were  
constructed. Under a system of main-  
tenance worked out by Mr. Windrow,  
the county road superintendent—a  
permanent office—a defect in the road  
is repaired the day it appears, this  
being made possible by dividing the  
road into short divisions that are con-  
stantly supervised by competent work-  
men. This system of maintenance has  
been declared a model one by the good  
roads division of the federal depart-  
ment of agriculture and has been made  
the subject of a special bulletin from  
that department.The Morning News is convinced that  
every county, if it expects to get value  
received from its expenditure on good  
roads, must devise some adequate  
scheme of maintenance for those roads  
after they are constructed, and if in  
devising their systems of maintenance  
they can use the plan inaugurated here  
we will be very glad of the wider  
service which our road superintendent  
will have rendered to the state.Opposition to sugar duties, since and  
perhaps before the McKinley bill, has  
been due, not to any lack of apprecia-  
tion of the chief stress heretofore  
observed by the Baltimore Sun. There  
would be no inconsistency if the tariff  
should be increased.The democratic idea is a tariff for  
revenue and the duty on sugar, viewed  
simply as a revenue producer, is one  
of the best that can be levied. It  
yields a large and steady revenue and  
for that reason is more dependable  
in times of uncertainty like the present.Even so sturdy a democrat as

## A Hint to Mothers of Growing Children

A MILD LAXATIVE AT REGULAR INTERVALS WILL PREVENT CONSTIPATION.

A vital point upon which all schools of medicine seem to agree is that normal regularity of bowel is an essential to good health. The importance of this is impressed particularly on mothers of growing children.

A very valuable remedy that should be kept in every home for use as occasion arises is Dr. Caldwell's Syrup Pepsi, a compound of simple laxative herbs that has been prescribed by Dr. W. B. Caldwell of Monticello, Ill., for more than twenty-five years, and which can now be obtained in any well stocked drug store for fifty cents a bottle.

In a recent letter to Dr. Caldwell, Mrs. H. C. Turner, 844 Main St., Buffalo, N. Y., says: "I bought a bottle of Dr. Caldwell's Syrup Pepsi for my baby, Roland Lee Turner, and find it works just like you said it would. It is fine for the stomach and bowels."

A bottle of Dr. Caldwell's Syrup Pepsi should be in every home. A trial bottle, free of charge, can be ob-

## STATE BLIND SCHOOL REMAINS AT AUSTIN

TRACT OF 75 ACRES ACCEPTED BY SPECIAL COMMITTEE IN CHARGE OF THE PROJECT.

Governor Ferguson Plans to Have Ground for New \$300,000 Building Broken December 1.

Special to the Morning News.

Austin, Texas, Oct. 28.—The committee, designated by the Thirty-fourth legislature to select a site for the new state school for the blind, which is to be erected at a cost of \$300,000 today unanimously directed that the school would remain in Austin. The committee accepted a site consisting of seventy-five acres on the F. T. Land tract, which was donated to the state by the citizens of Austin, costing \$15,000. The tract is close to the state insane asylum.

Governor Ferguson plans to have the property improved in the most elaborate manner.

Of the \$300,000 appropriation, \$225,000 is available to be used during the fiscal year of 1915-'16 and \$75,000 for 1916-'17 fiscal year.

Ground is to be broken December 1 next according to the plan of Governor Ferguson. Atlee B. Ayres of San Antonio is architect for the buildings and he will make a study of similar structures in the east before completing his plans.

## MORE DEVELOPMENTS IN NEW HAVEN SUIT

LETTERS FROM VICE PRESIDENT HALL SHOW FIGHTS AGAINST NEW TROLLEY LINES.

## POLITICAL ACTIVITIES TOUCHED

Documentary Evidence Presented Includes Almost a Score of Interesting Missives.

By the Associated Press.

New York, Oct. 28.—Testimony on the political activities of the New Haven, New Haven and Hartford railroad road in the Connecticut and Rhode Island legislatures to prevent the construction of competitive trolley lines, introduced a new and sensational chapter today in the story of how the New Haven acquired its alleged monopolistic grip on the transportation traffic of New England as presented by the government at the trial of the eleven former directors of the road under the Sherman antitrust law.

"I think when the time is fixed we ought to be ready to have music by the full band and kill it," wrote Hall to the late General Charles R. Brayton, the millionaire of Rhode Island, in reference to a bill in the Rhode Island legislature to authorize the construction of competing electric lines in that state.

Opposed Trolley Lines.

This documentary testimony which was introduced by Charles S. Mellen was introduced by the government in its efforts to show that the New Haven provoked no competition from any source. It consisted almost entirely of correspondence written by Hall.

Nearly a score of letters were put in evidence revealing that in 1895 the New Haven was threatened by a proposal to connect trolley roads into a through line from New York to Springfield.

"Please nip this project in the bud if possible and kill it," wrote Hall to the late General Charles R. Brayton, the millionaire of Rhode Island, in reference to a bill in the Rhode Island legislature to authorize the construction of competing electric lines in that state.

### OLD AND NEW WAY TO TREAT CATARRH

#### Breathing a Germ Killing Air Endorsed

By Actual Results

The discovery of Hyomen has wrought a wonderful change in the treatment of catarrh.

Prior to three years ago the medicines ordinarily employed in the treatment of this disease were drugs, sprays, lotions, etc.

In some instances this benefited, but the improvement was not lasting.

With Hyomen you take into the air passages of your throat and head balsamic air that goes to the deepest parts and should effectively kill all germs and microbes of catarrh. Its purpose is to enter the blood with the oxygen, killing the germs in the blood, and restore health to the whole system. Many astonishing testimonials have been read from those who have been helped by Hyomen.

A complete outfit is inexpensive and includes an inhaler, dropper, and sufficient Hyomen for several weeks' treatment.

Perhaps the strongest evidence that can be given to doubters is the fact that Powers-Kelly Drug Co. has so much faith in Hyomen that it has put the package under a positive guarantee to refund the money if it does not relieve.

Now is the time to begin the use of Hyomen and rid yourself of this disease and oftentimes dangerous disease. Nothing is gained by waiting till the vicious microbes of catarrh have made still further inroads on your health.

ected to the tuberculin test, and that there should be a better system of inspection. She mentioned the ordinances which have been adopted in various cities of the state, and named San Antonio and Dallas. When she mentioned what Mayor Lindsey of Dallas is doing to further the clean-up movement, Commissioner Dollins said, "I have just returned from Dallas. Mayor Lindsey is a much abused man in this campaign. He is the owner of one of the biggest dairies in Texas, yet he is heart and soul in the movement."

Commissioner Richards asked Mrs. Darwin if she would recommend to the state department that these be followed. She said that the state department had prepared a number of ordinances which would cover the case of any city, and she suggested that these be followed. She gave Mr. Riggins a pamphlet containing these ordinances, and spoke of the numerous dairy women who have been making the inspection with her and of the meeting of the Federation of Missionary societies that is to hold the all-day meeting to day at the Austin Avenue Methodist church.

"I don't stand very well with the club women," said the mayor. "You mentioned their feeling toward me, I am afraid," said Mrs. Darwin. "We have talked with the women about you and your work and they are anxious to co-operate with you and have you co-operate with them. They are doing this for the good of the city, and they want you to help the help of the commissioners, and of the health department."

"And while I am talking on that subject, I want to suggest to the health department of Waco ought to be modeled after the system of Waco. There are 178 dairies here and you ought to have a department that will be able to inspect these regularly and keep them up to the standard. You should fix a standard and the percentage system to satisfy the dairies, and let the number of the dairy fix the classification, and when the people patronize those who are up to the standard, the others will strive to equal it. In grading dairy we take into consideration the cleanliness of the plant, the conditions at the dairy and at the milking barn; how the milk is handled in the separator room, the equipment used etc., and the grade of the milk on the wagons and on the tops to the bottles."

"When you adopt this system, have a woman on your public health committee, Mayor Lindsey of Dallas has done this and it is working well. A woman knows where to find the dirt when a man does not."

Will Sue in Alphabetical Order.

Upon motion of Commissioner Dunn, the city attorney was instructed to take the same action with regard to past due paving assessments. The city attorney was also instructed to co-operate with Willis & Cole in prosecuting the sixty-five suits now pending under a contract with that firm for collecting delinquent taxes, heretofore

City Attorney John Maxwell told the commission that there would be many protests on summary filing of suits in all cases, but that under the commission's instructions he would "stand pat" and sue them in alphabetical order.

Suspending the business of the commission which was in progress when Mrs. Elizabeth Darwin, state sanitarian, who is delegated by the state pure food department, entered the commission chamber yesterday evening, the mayor and city commissioners gave interested ear to what she had to say, and questioned her frequently on subjects that affect the public health.

Sanitarian Addressed Commission.

Mrs. Darwin came before the commission by invitation of Mayor Riggins. She had several conferences with him after her arrival, and laying before him the things that were most important in her work, she obtained his interest, and he suggested that she should before the commission to state the conditions as she has found them, and to suggest in what way the city can help her. In the commission chamber at the time were quite a number who were "looking on" as city business was in progress and they listened interested ear to what she had to say, and questioned her frequently on subjects that affect the public health.

## A. M. E. CONFERENCE HAS BUSY SESSION

MANY VISITORS YESTERDAY DRAWN BY ELECTION OF DELEGATES.

### COMMITTEES TAKE UP WORK

Bishop C. S. Smith of Detroit Presiding—Time for Election of Delegates Changed.

(Contributed.)

The second day's session yesterday of the Central Texas A. M. E. conference, presided over by Bishop C. S. Smith of Detroit, Mich., was a busy one. Many of the most prominent ministers and laymen of the state are in attendance.

It has been a custom in the past to spend the first day of the conference in hearing the reports of pastors and collecting the finances. As Bishop Smith has a method of holding only one business session a day, the visitors came in great numbers to be present and to see the election of the delegates to the general conference and to say a good word for their friends, feeling sure that the election would take place on the second day.

But the bishop's order for the election on the first day changed the day of custom and no doubt had much to do with the chances of many of the candidates, since only one presiding elder was elected out of a delegation of seven.

In spite of the floods, storms and wars, most of the reports came up to last year.

Bishop Smith's talks to the conference are inspiring and instructive and each morning after the reading of the minutes by the secretary, the conference is all attention for the bishop to give the usual talk. The ministers are all highly elated over the success of the pastor and congregation in finishing the beautiful church for the reception of the conference. Rev. A. W. Williams of this city preached last night.

The following committees are in charge of reports:

Public worship—G. W. Anderson, W. D. Miller, H. P. Evans and H. J. Coleman.

Admission—D. C. McDonald, F. D. Taylor, K. N. Hardeman and E. W. Wright.

First year's studies—J. F. P. Bradly, J. A. Thomas, A. W. Williams and R. W. Walker.

Second year's studies—J. H. Lynn, J. W. McElroy, A. Mason and A. W. Williams.

Third year's studies—J. J. Hardeman, R. S. Slaughter, J. M. Bolden and H. A. Wells.

Fourth year's studies—W. D. Miller, S. J. Johnson, H. T. Kealing, L. M. Sanders and J. S. Slaughter.

Contingent money—T. H. Smith, W. M. Wade, M. A. Dixon and H. A. Young.

Dollar money—S. J. Johnson, H. A. Wells, F. D. Taylor, D. L. Long, W. S. Johnson and J. F. P. Bradly.

Easter day money—J. H. Lynn, D. L. Long, S. Young, R. M. Bedford.

Special for Paul Quinn College—The presiding elders.

Children's day money—M. A. Dixon, J. C. Chatman, D. B. Taylor and A. B. Green.

Minute money—The presiding elders.

General conference delegate money—The presiding elders.

Bible cause—A. L. Taylor, J. D. Tolliver, A. W. Parker and M. W. Burns.

Stations, circuits and missions—W. S. Johnson, A. Mason, C. C. Calton, R. C. Walker.

The presiding elders are advisory members.

Presiding elders' assessment—W. D. Miller, A. R. Stark, S. Young, K. N. Hardeman, F. L. George. The presiding elders are advisory members.

Sunday schools—R. Webster, J. H. W. Pickard, A. J. Thomas, J. S. Sanders and B. Cates.

Missions—F. D. L. McDonald, A. B. Green, D. B. Taylor, W. H. Beasley, S. Young.

Education—H. T. Kealing, F. L. Walker.

Young Christian Endeavor League—R. N. Walker, D. L. Long, F. H. Holt, W. M. Wade.

Sunday observance—S. S. Simpson, J. A. Russell, M. M. Burns, Charles N. Elliott.

Temperance—M. A. Dixon, J. F. P. Bradley, R. E. Hutchison and A. G. Garrett.

State of the church—S. J. Johnson, L. J. Sanders, G. R. Robers and W. B. Steward.

State of the church—H. A. Young, W. K. Kenford, J. M. Bolding and E. W. Coleman.

Judiciary—J. H. Lynn, K. N. Hardeman, H. A. Wells, J. J. Hardeman and S. Young.

Deeds—J. F. P. Bradley, J. J. Hollaway, J. A. Thomas and S. Young.

Automobile Stolen.

The theft of an automobile belonging to H. Sachs from the street in front of the Progress club rooms was reported to the police about 11 o'clock last night. The automobile bears a Waco license number 2477.

STOP! CALOMEL

IS QUICKSILVER

IT'S MERCURY! ATTACKS THE BONES, SALIVATES AND MAKES YOU SICK.

There's no reason why a person should take sickening, salivating calomel when 50 cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make your sick and can not salivate.

Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more bitterness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.

Plan to Pave at Hillsboro.

Hillsboro, Texas, Oct. 28.—Estimates of values have been made by the city tax collector for Franklin, Concho and several small streets where the paving movement is being started. Recently the city charter was so amended as to allow the creation of streets into improvement districts, and the paving of bonds. The citizens now have the option in paving under the old charter, or the amendment.

New Church at Glen Rose.

Glen Rose, Tex., Oct. 28.—The contract was let yesterday for the construction of a new Methodist church at this place. F. S. Williams of Glen Rose was the lowest bidder and to him was awarded the contract.

The building will be made of native stone. It has all modern Sunday school conveniences and when complete and furnished will cost about \$10,000.

Hillsboro Interested in Cotton Palace.

Special to the Morning News.

Hillsboro, Texas, Oct. 28.—Although no tickets for the Y. M. B. L. trip to the Cotton Palace on November 11 will be offered for sale after the league committees are appointed tomorrow night, Secretary Blandford has been besieged with requests for them. Already thirty-five have asked him to reserve tickets.

## Two Hurricanes Do Ship Much Damage

By The Associated Press.

Galveston, Texas, Oct. 28.—The schooner Charles Noble Simmons today put into Galveston in distress with her head gear carried away and her bows lashed to the hulls with ropes. The schooner weathered both of the Gulf hurricanes and is trying to get to a dry dock.

She was enroute to Venezuela with coal when she struck the August hurricane. Coming back, she encountered the September hurricane at Jamaica in which she was damaged. The schooner had to get to Freeport and was taken in tow Sunday by a steamer Kennebec but three times broke away from the tow and was finally abandoned. She came into this port under sail and will take a tow here for the Mobile dry dock.

## FALLS COUNTY AFTER RURAL SCHOOL MONEY

REPRESENTATIVE OF STATE DEPARTMENT OF EDUCATION VISITS DISTRICTS APPLYING.

Outside Ministers Invited to Help Ordain Deacons at Marlin Baptist Church.

Special to the Morning News.

Marlin, Oct. 28.—L. L. Pugh, of the state department of education, left here on the early morning southbound train for San Marcos, after spending the whole of yesterday in the company of Dr. L. P. Robertson, chairman of the county board of education, and Superintendent A. L. Pringle, visiting the rural schools of Falls county which have applied for a portion of the annual rural school fund appropriation.

During the day the party rode some 80 miles through the country visiting the schools at Blue Ridge, Pleasant Grove, Belfalls, the Morris school, the Cego and Liberty schools, getting back to Marlin at midnight. He expressed himself as pleased with the trip and indicated he would recommend the appropriations.

Deacons to be Ordained.

Marlin, Oct. 28.—Rev. George W. Howard, pastor of the First Baptist church of Marlin, has announced that next Sunday night the newly-elected deacons of that congregation would be ordained.

He has invited Dr. M. Dawson

and Dr. Tidwell of Baylor to be present

and conduct the solemn services.

Mr. Tidwell will deliver the charge to the deacons.

Wacoons at Marlin.

Special to the Morning News.

Marlin, Oct. 28.—The following people were registered from Waco at the Wacoons:

E. A. Womble, Leo M. Baker, T. T. Corey, F. L. Clanton, J. A. McChinlock

and A. J. Epple.

Licenses to Preach.

Special to the Morning News.

Marlin, Oct. 28.—Rev. George W. Davis and Rev. R. L. Brimley returned last night from Fremont, where with Rev. R. S. Marshall of Lott, they formed the district conference of the Methodist church licensing committee and granted licenses to the following to preach to the following:

R. A. Gates of Centerville, Roger M. House and James E. House of Normangee. The three young men were also recommended to the Texas annual conference for admission into regular connection.

Minutes taken at the Wacoons.

Marlin, Oct. 28.—The following people were registered from Waco at the Wacoons:

E. A. Womble, Leo M. Baker, T. T. Corey, F. L. Clanton, J. A. McChinlock

and A. J. Epple.

Eight automotives loaded with interested men and women accompanied Mrs. E. L. Darwin, state pure food inspector, on her tour of inspection of packing houses of the city. One packing house was reported to be in very bad condition by Mrs. Darwin, while others inspected were found to be in fair shape, needing only extra attention to a few details. Mrs. Darwin has been invited to address the charter committee at its meeting tonight and suggest provisions to be placed in the revised charter to protect the food supply of the city.

The present prosperous condition of northwestern Texas is due to unusually fine crops of grain and cotton, both demanding good prices. Conditions in east Texas are also above the average, due to good feed crops.

Hill County Pioneer Dies.

Hillsboro, Texas, Oct. 28.—News of the death of R. C. Mathews, who died at Haskell and was buried there, reached here yesterday. He came to this county from Arkansas in 1882 and afterwards moved to Navarro county, going to Haskell five years ago.

The present prosperous condition of northwestern Texas is due to unusually fine crops of grain and cotton, both demanding good prices. Conditions in east Texas are also above the average, due to good feed crops.

Coryell County Schools Open.

Special to the Morning News.

Gatesville, Texas, Oct. 28.—A large number of public schools of the county opened last Monday and all others will begin operations next Monday.

The attendance is reported good as follows:

PERSONAL MENTION.

L. W. Erskine of Thornton was in the city yesterday.

L. H. Porter of Rockdale was in Waco yesterday.

C. L. Hallay of Palestine was a business visitor to Waco yesterday.

W. A. Harper and George W. Thomas were here from Mt. Calm yesterday.

Dr. James Ferguson of Temple, formerly of Waco, was in the city yesterday.

WILL BE MADE PERMANENT AFFAIR CLOSING EACH TWO-MONTH TERM.

Debate Last Night Decides Picture Shows Should Be Allowed to Run on Sundays.

The Waco Speakers' Club is to have a banquet next Thursday, November 4, at 7:30 p.m., at Hotel Waco. At this meeting the terms of office of the old officers automatically expire and new men will be elected in their places. The constitution providing that no officer may succeed himself.

The following program has been prepared for the banquet:

Toastmaster, Albert C. Johnston, president.

Address of welcome, Albert C. Johnston.

Response, W. E. Lessing.

Fertilizer, T. Edgar Johnson.

"How the Club Can Benefit the Member," C. C. McRae.

"How the Member Can Benefit the Club," C. H. Machen.

Round table discussion by all present.

It was decided at the meeting of the club last night that a similar banquet

shall be held at the election of officers at the end of each two-month term, the purpose of the banquet being to bring out all old members and as many new members as might be interested.

At the meeting last night the subject

of debate was "Resolved, that picture shows should be permitted to run on Sundays." The speakers on the affirmative, F. L. Wilcox and M. C. Shurill, on the negative, Zeb McCormick and F. H. Harrison. The judges decided in favor of the affirmative and voted honorable mention to F. L. Wilcox as the best speaker of the evening.

A noticeable feature of the club is the fact that its membership includes many older men.

**Dr. Hoke Speaks to Y. M. C. A. Men**

Dr. H. E. Hoke of Hubbard City delivered the third of the series of lectures by physicians to the senior men's gym class at the Y. M. C. A. last night, speaking on sexual hygiene. The fourth and last of the series will be delivered next Thursday night by a physician not yet selected.

Team competitions in the class last night revised the standings as follows:

"The Master of the House," in 5 parts, the latest and most powerful production yet produced by the Equitable Motion Pictures corporation, the new three million combine, that distributed its productions through the World Film corporation, has as its featured player Mr. Julius Steger, the renowned portrayer of big dramatic characters.

"The Master of the House" was made into picture play form from the spoken drama by Joseph Golden, of the Triumph Film corporation under the direct supervision of the heads of the Equitable company.

"The Master of the House" story is one of those interest-compelling affairs that come before the public once in a decade and, the great and glorious situations, compiled by the movie director, makes the famous story doubly attractive.

"The Master of the House" will be the attraction at the Queen theatre to day when patrons at that house will have

all night. After a grueling day in the studio, Mr. Davis announced that they would begin work after supper and work until three o'clock scenes were complete; therefore, he began at seven o'clock on this particular evening to work without a break until five in the next morning. The director then allowed the members of the company to get breakfast and have a couple of hours in sleep and then return at ten o'clock in the morning to another grinding day at the studio.

**AUDITORIUM.**

Al H. Wilson, the singing dialect comedian, comes to the Auditorium on Tuesday night November 2nd, for his annual engagement, when he will present a new play by Herbert Hall Winslow and Charles Horwitz called "As Years Roll On" and "John Van Zandt." Al H. Wilson is seen in a role that follows a process of steady development, a role that calls for four

**HIPPODROME.**

"The Family Stain," Today and Tomorrow.

One of the most interesting characters and one of the most important in "The Family Stain," a late release by William Fox, directed by William S. Davis, is the part of the widow, who was the Widow Leroux, about whom this famous and weird story was woven. It took Mr. Davis six weeks to find a woman who could properly handle and react to the screen, and he was well-nigh at the end of his resources when he discovered that it would be possible for him to secure the services of Miss Carol Lee.

Miss Lee is an exceedingly talented young woman with a reputation that stretches around the globe. She has played in several big photoplay successes, and played a big part in the Blanche Bates in "A Woman in the Crowd." She also has an exceedingly big reputation in stock work. She is the daughter of William J. Gross, who for sixty-five years has been appearing on the American stage as a portrayer of Shakespearean characters.

Miss Lee is an exceedingly talented young woman with a reputation that stretches around the globe. She has

different characteristics at different periods of life. First, the son of a miller in a small Holland village, then a son of Holland's next city in New York and then the well-to-do business man who controls a chain of delicatessen stores. As a singer Mr. Wilson plays with songs. They are like poems, the most of them made the king of the most popular studies his method of composition the more attractive his songs appear to be. During the performance he will sing "Yesterday," "Mother Mine," "As Years Roll On," and "She's Left Me for the Only Girl."

In "The Only Girl," which is to be presented at the Auditorium, matinee and night, Wednesday, November 3rd, by Al H. Wilson.

**LETTERS TO MOVE STAR.**

One of the most unusual characters in "The Family Stain," the latest William Fox success, directed by William S. Davis, is that of Noel Gerdy. This part is taken by no less a person than Walter Miller, whose fame on the screen is known from one end of the earth to the other. Mr. Miller is considered one of the greatest matinee idols in the motion picture world. As far as to the stars in motion picture actors and actresses, Miss Ring wears her famous pearl pendant. She makes "The Yankee Girl" quite a fashion carnival at the Rex today and Saturday.

**Letters to Walter Miller**

Walter Miller and Fred Perry

## MARKET REPORT

## COTTON

New York, Oct. 28.—Reports of unsettled political conditions abroad seemed to increase the nervousness of sentiment in the cotton market today and were followed by a break of over \$1.50 per bale in prices. Improving crop accounts from the southwest and talk of an easier spot situation stimulated the selling movement as prices eased off, and January contracts broke to 11.85, or 34 points under last night's closing figures and 13 under the high record for the season. The final tone was easy at a net decline of 25 to 30 points.

After opening steady at a decline of 7 to 8 points, the market rallied 3 or 4 points, only to fall after the call on some scattered covering, but soon weakened under renewed liquidation, local southern and foreign selling.

Foreign advices seemed to increase the nervousness over export prospects and as prices eased off, large stop loss orders were uncovered. After showing a net loss of about 20 to 24 points from prices rallied some 10 or 12 points from the lowest on covering, but even this slight improvement seemed to meet increased offerings and the market reached the lowest point of the day in the late trading when December sold at 11.70, March at 12.06 and May at 12.26.

Reports that the improved weather in the southwest was adding to new crop prospects west of the river and talk of increased spot offerings were circulating around the ring on the afternoon decline and it was also reported that the south had been selling hedges more freely during the day. Houses with Liverpool connections were considerable sellers of the late months here during the morning. On the decline lag in the afternoon there was heavy covering, however, and brokers recently credited with selling for former prominent bulls were among the big buyers.

New Orleans, Oct. 28.—A decline of almost \$2 a bale resulted in the cotton market today from pressure by liquidating longs. At the lowest the active months 36 to 40 points under yesterday's final figures. The change was at a net loss of 31 to 33 points. While some short sellers made its appearance, the bulk of offerings from the opening call to the close was from brokers' long contracts.

Breish traders considered the decline of today as simply the reaction which they have been predicting for some time and that it was the natural aftermath of the prolonged advance which reached its height during the first week of October. At the lowest today prices were nearly 150 points, or \$7.50 a bale lower from these high levels.

Surface features which stimulated selling were the poor harvest when the American markets opened, ideal weather conditions over the cotton region, lack of a spot demand and the continued absence of anything like a normal export movement of the staple to foreign countries.

## SPOT COTTON.

## Liverpool.

Liverpool, Oct. 28.—Cotton spot steady. Good middling 7.44; middling 7.10; low middling 6.62; sales 12,000; speculation and export 1,200; receipts 12,600.

## Galveston.

Galveston, Oct. 28.—Cotton middling 11.75; receipts 12,236; stock 297,752.

## New Orleans.

New Orleans, Oct. 28.—Middling 11.85; quiet; sales 4,000.

## New York.

New York, Oct. 28.—Middling 11.85; quiet; sales 350.

## Houston.

Houston, Oct. 28.—Middling 11.75; steady; sales 489; f. o. b. 200.

## Waco.

Middling cotton early in the day sold around 11 1/2c, but later, after a 25 to 30 point break, was on a basis of 11 3-16c.

## FUTURES.

## Liverpool.

Liverpool, Oct. 28.—Futures easy. May. 12.39 12.41 12.10 12.15.

## WHEAT

Chicago, Oct. 28.—Something of a revival of export business in domestic winter grades carried the wheat market upward today after an early decline. The total was firm 3/4 to 1% higher with December at 100 1/2 @ 100 1/4 and May at 102 1/4. Corn finished 3/4 to 1% off to 4c up; oats unchanged to 4c higher; and provisions with grains, varying from 7 1/2c to 6c.

Bowing of winter wheat today on foreign account had decided bullish effect, as the European demand for the late has been exclusively for the spring crop and almost altogether confined to shipments from Canada. It was specifically admitted that 100,000 bushels of No. 2 hard was taken at Omaha today for ocean transfer, way of the Gulf of Mexico. The fact that a sharp upturn in demand sterling was announced at about the same time gave further encouragement to the bulls. During the first half of the session, however, the wheat market here was for the most part under bearish control.

Changes in the French cabinet formed the chief cause of the early weakness in wheat. The displacement of Premier Viviani as having some connection with possible discussion of peace terms. Talk of removal of the Canadian export duty continued also to act temporarily as a weight on the market and so, too, did the favorable weather northwest and the attendant big receipts.

Ideal weather gave an advantage to the bears in corn. Assertions, though a little export business was be-

## COTTON SEED OIL.

New York, Oct. 28.—Cotton seed oil  
was easier today under scattered liqui-  
dations induced by less pessimistic  
crop news and easier seed and crude  
markets. The weakness in cotton more  
than offset the lard advance. Tenders  
on November contracts were 100  
barrels. Final prices were 9 to 11  
points net lower. Sales 18,400 bar-  
rels.

## WACOANS CHOSEN OFFICERS OF STATE MEDICAL ASSOCIATION

DR. L. V. BATES, PRESIDENT, AND DR. ROSA GATES, TREASURER, HEAD TEXAS ECLECTICS.

Dr. L. V. Bates of Waco was elected president of the Texas Electric Medical Association and Dr. Rosa D. Gates of Waco was elected treasurer at the annual state meeting which closed its sessions in Dallas yesterday. Waco was named as the meeting place of the 1916 convention.

Both Waco physicians to be honored by the association are well known members of the medical profession of the city. The new president comes from a medical family, his father being Dr. David Bates of Heidelberg and Hesse Castle, Germany. He was formerly professor of ophthalmology and rachiology at the American Medical college of St. Louis and first assistant surgeon of the Missouri School for the Blind, and also eye surgeon of the Metropolitan hospital of St. Louis.

The newly elected secretary, Dr. Rosa B. Gates, is Dr. L. V. Bates' sister, and graduated in the same class at the medical school. She had the honor of being first rank graduate.

## Charter Convention to Meet in Chamber of Commerce Tonight

The third meeting of the advisory charter committee will be held tonight in the Chamber of Commerce rooms on the seventeenth floor of the Americana building. The meeting place was changed from the city hall at the last meeting of the committee, as was also the time of meeting, which was moved back from Thursday night to Friday night. The major portion of Mayor Riggins' recommendations, as to amendments to be proposed, submitted last week, will probably be disposed of at the meeting tonight. It will also probably be determined whether some other amendments proposed by different members of the committee will be submitted in the election which is planned for December 30.

## Hallowe'en Social at Y M C A Tonight Is Event of Season

The Hallowe'en entertainment which is to be given tonight at the Y. M. C. A. is one of the regular annual occasions when everybody and everybody else's girl will be made welcome. It is a time when regular members and all friends of the association come out to get acquainted with new members and strangers in the city are made especially welcome.

This includes both young men and their ladies or separately. There are many strangers, both boys and girls, who have to come to the city for school or other purposes. To these is extended a special welcome. There will be spooks on hand to help make you feel perfectly at home, fortune tellers, crystal gazers, etc.

The social is being given under the direction of the Christian Endeavor Society of the Central Presbyterian church, which alone is enough to assure a royal entertainment.

## Kangaroo Court at Working Boys' Club Supplies Amusement

During the course of a mock trial at the Working Boys' club last night Luther Smith was convicted on a charge of general misconduct. Curtis Hale was found guilty of spitting on the floor and Tommy Wilson was acquitted of a charge of wearing a false face—the verdict of the court being that he needed it—and Leonard Sloan was declared not guilty of scabbing on the barbers in his failure to have his hair cut. The proceedings were of a humorous nature.

John Dragna was judge of the court, Vines Dragna prosecuting attorney, Raymond Arndale, clerk, Ben Turner, sheriff and Willie Milberger, James Stockett, Don Steely, Oliver Lloyd and Barney Saiter, jurors.

Other numbers on last night's program included some Uncle Remus readings by Miss Bernice Young, and vocal solos by Mrs. B. B. McReynolds and Mrs. von Wrangle, with piano accompaniment by Mrs. Lovelace.

## Baptist Women's Meeting at Lorena Was Well Attended

More than forty Baptist women from Waco attended the meeting of the Woman's auxiliary held at Lorena yesterday. The meeting took the form of a general conference of the entire church work of the association and was presided over by Miss Pyrena Almon of Waco, county organizer of women's work. The First Baptist church of this city was represented by nineteen women members, the Turner Street church by ten, while various other churches of the city had one or more delegates. The total attendance at the meeting was more than 100.

A general conference of pastors of the association is also being held at Lorena. Dr. J. M. Dawson, pastor of the First Baptist church of Waco, preached the opening sermon last night.

## MISSIONARY FEDERATION HAS ALTRUISTIC PROGRAM

PROMINENT SPEAKERS WILL ADDRESS ALL-DAY SESSION TODAY.

DR. S. P. Brooks Speaks on Social Service—Music Program Supplements.

Public health and social service occupy a large part of the program of the quarterly meeting of the City Federation of Missionary Societies which will hold all-day session at the Austin Avenue Methodist church today, beginning at 10 o'clock.

Mrs. E. L. Durwin, sanitarian of the state pure food and drug department, will talk on "Food Sanitation" at 2:30 o'clock this afternoon.

Mrs. W. O. Wilkes of the board of control on the district nurse, will discuss the public nurse question, and Dr. S. P. Brooks, president of Southern Sociological congress, will speak at 4 o'clock on "Waco's Opportunity for Social Service."

The women of the city regard this as the strongest program they have yet offered and they extend an invitation to the women of the city and country alike, and to the men as well to be present and hear the discussions of the various subjects.

Here is the day's program: 10 o'clock, call to order.

Mrs. W. W. Woodson presides, and Mrs. R. S. Vaughn keeps the minutes. Devotional, led by Miss Nell Symes.

Reading of minutes and business. Address, "Our Foreign Born Neighbors," Miss Ethel Jackson of Girls' Cooperative Home.

Address, "What is Social Service?" Mrs. Llewellyn Aubrey.

Local Conditions and Their Remedies, Mrs. A. H. Newman.

Report of Travelers' Aid Work, Mrs. Scarborough.

Music, voice (selected), Mrs. Joseph Wren.

Adjournment for lunch.

2 p. m.—Organ prelude, Miss Mary Anderson.

Devotional, Mrs. J. L. Kester.

Public Health Nurse," Mrs. W. O. Wilkes, of the board of control.

Address, "Food Sanitation," Mrs. E. L. Darwin, state appointee of food and drug department.

Music, "List, the Cherubic Host," from "The Holy City," Gaul.

Women's chorus, with A. C. Updike soloist.

Address, "Waco's Opportunity for Social Service," Dr. S. P. Brooks.

Benediction.

—

Three Farmers File Bankruptcy Petitions in U. S. Court Here

Petitions in voluntary bankruptcy were filed yesterday by three farmers, residing in as many counties under the jurisdiction of the federal court here.

William A. Belt, of Milano, Milam county, in his petition, gives his liabilities at \$1,405, with assets of \$1,454 and exemption claimed \$1,450.

G. W. Griffis of Kirk, Limestone county, schedules his liabilities at \$237.78, assets at \$11,615, and exemptions totalling \$11,204.

A. J. Johnson of Hillsboro, Hill county, gives his liabilities at \$12,960, with assets of \$1,941, of which \$1,691 is claimed as exempt.

## HUMANE SOCIETY WILL SOLICIT NEW MEMBERS

PLAN INCLUDES BOOTH AT COTTON PALACE WITH ATTENDANTS.

Report of Humane Officer Shows Balance on Hand—Co-operation with Work Growing.

With the coming of the winter months the Humane Society will begin a campaign for new members and promote the work of the society more vigorously, according to a decision arrived at by a little group of the most enthusiastic members, headed by President A. R. McCollum and Miss Kate Friend, secretary, in the Y. M. C. A. yesterday afternoon. The meeting was held in response to a call issued by the president.

A strong effort will be made to increase the membership of the society. With a thousand additional members as the goal, the society will stress the associate membership at one dollar per annum and maintain a committee at the Cotton Palace to solicit members.

Mr. McCollum will call on a number of the women of Waco to assist in conducting the campaign. It is hoped to have at least two women present at a booth at the exposition each day.

Regular membership in the society is three dollars the year, but not as yet one of the most common results of eye strain. The habitual overwork of the eyes causes pain and that not necessarily in the eyes. The relief from headache produced by eye strain is properly fitted glasses. Come and have your eyes tested. No charge for examination.

## Girls' Apparel That Fits Perfectly

### A Special Department at Sanger's Devoted to Apparel For Growing Girls

When grandma was mother and mother was a girl, it was difficult to find "made ready" apparel for girls that would fit like it should. Realizing this and desiring, as is the Sanger way, to perfect this feature of our better service, we went to the manufacturers with our ideas and worked out our plans with them for our intermediate department, and the result of this work is found in our special department devoted to apparel for Growing Girls. We show perfect fitting dresses that are becoming and girlish in appearance. Thousands of mothers in Waco and Central Texas know and appreciate that we have solved the problem of apparel for growing girls.

Come down today or tomorrow and visit our Junior Department on the second floor. Let the girls try on the various garments in this department. If you did not know it before, you'll be surprised at the extensiveness of our showing and the particular effort we have made in specializing in this department.

### EYE STRAIN RELIEVED

Headache is one of the worst, yet one of the most common results of eye strain. The habitual overwork of the eyes causes pain and that not necessarily in the eyes. The relief from headache produced by eye strain is properly fitted glasses. Come and have your eyes tested. No charge for examination.

W. B. RAGLAND  
Optometrist.

All Goods Charged Today and Tomorrow will be placed on November Statements, to be Presented December 1.

The New Victrola Records for November are now ready. Come in and let us Play them for You.

\$1.25

## PIONEER RESIDENT OF COUNTY PASSES AWAY

MRS. J. L. LONG DIES AT AGE OF 72—HAD LIVED HERE 48 YEARS.

Funeral Will Be Held from Residence of Daughter, Mrs. C. B. Ivy, This Morning.

Following a gradual decline in health, superinduced by the death of her husband, the late Captain Jack Long, on July 9, Mrs. J. L. Long passed away at 8:30 o'clock yesterday morning at the residence of her daughter, Mrs. C. B. Ivy, 1601 Herring avenue. She was 72 years of age, had lived in McLennan county since 1867, and was known to practically every pioneer in this city and native.

A native of Tennessee, Mrs. Long grew to womanhood in that state and it was there that she was married to the late Captain Long in 1866. Deciding in their early married life to cast their fortune in the newer state of Texas, they came here in 1867 and had resided here continuously until their deaths. In addition to Mrs. Ivy, Mrs. Long is survived by two sisters, Mrs. A. E. Creswell and Miss Sallie Creswell of Opelousas, La.

The funeral will be conducted from the Ivy residence at 10 o'clock this morning with Dr. C. T. Caldwell, pastor of the First Presbyterian church, officiating. Pall bearers include the following: Active, F. B. McPeak, J. R. Walker, F. H. Wilcox, William Sinclair, W. H. Jenkins Jr., A. L. Skinner; honorary, Judge W. H. Jenkins, George P. Bird, Seth P. Mills, T. J. Primm, Dr. H. C. Black, Dr. Cari Lovelace, C. W. Davis and J. A. Lemke. Interment will be in Oakwood cemetery.

Bids Will Be Opened Nov. 27 for Repair of Federal Building

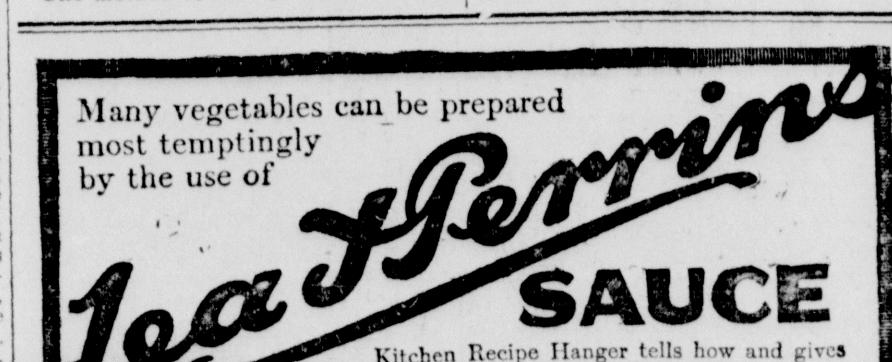

## Up-to-Date Cotton Thieves Use Auto to Convey Loot

Reports of thefts of cotton from wagons in the fields by persons who used an automobile in their work have been coming in to local and county peace officers for the past few days. Two additional thefts were reported yesterday, when it became known that 1,000 pounds of seed cotton in a wagon standing in the field belonged to W. C. Schwabe near Rieley, had disappeared during Wednesday night. Will Driskill, a farmer who lives on the Tehuacana creek several miles from Mr. Schwabe's farm, also lost 600 pounds of seed cotton the same night. Several nights ago another farmer in the neighborhood lost several hundred pounds of cotton, a new wagon sheet and several pickers' sacks through the operations of the same automobile party.

The method of the up-to-date thieves is to run their automobile into the field close to a standing wagon to the machine. The trail left by the automobile tires has been followed and in every instance led toward Waco. Local officers are working on the thefts.

## Children With Ponies and Carts Wanted for Cotton Palace Parade

Mrs. L. Herz requests every boy and girl who has a pony and cart and who will participate in the Cotton Palace pageant to meet her at the public library at 10 o'clock tomorrow morning.
